herman

Reminiscent of a fish tail, the external metal support that embraces and clasps the backrest and seat is a standout feature on this piece. The various units can be arranged to create in-line, corner or peninsula compositions to be completed with tables in a variety of shapes and sizes.

features

by Manzoni&Tapinassi

The Herman system includes in-line and corner sofas, with or without a chaise longue, as well as ottomans, benches and tables with a metal base. Each module is finished on all sides and can also be used as a standalone piece.

Thanks to its extreme modularity, Herman allows for reusing the same elements over time by changing their position or using them on their own, adding a dynamic and original dimension.

Side armrests in two different heights: flush with the backrest or lower down depending on how the sofa is used.

Coverings

Upholstered in fabric or premium Natuzzi leather.

Padding

The mixture of expanded polyurethane, memory foam and Climalight padding guarantees remarkable comfort, with a structure and look that remain unchanged over time.

Additional options

The matching or contrasting grosgrain insert further enhances the design and customises the sofa.

Optional cushion with adjustable movements to achieve the desired comfort level.

Feet height

4.5 cm | 1.8"

Metal spine available in metal finishes

- pewter

The plushness of the sofa brings to the fore the beauty of Water - the exclusive 3D fabric made by BYBORRE which is a combination of premium-quality wool and recycled PES.

The sleek design of the armrests with elegant flat-felled seamwork which is invisible from the outside.

Manzoni & Tapinassi The original expressiveness of architect Maurizio Manzoni and the considerable experience of Professor Roberto Tapinassi merged in 2001 to form one of the most remarkable professional team-ups in Italy. Right from the beginning, the two designers shared a common vision of contemporary living, developing innovative solutions attuned to the Italian tradition geared towards research and cutting-edge solutions.
