

The Emozione sofa was designed with the focus to be your ultimate spot for comfort and relaxation. The plush seat and ergonomically formed sloped pillow arm rest make that happen. This sofa with a contemporary shape can be equipped with an electric motion system for an unrivell comfort. The Zero Wall space saving system allows the sofa to recline without being positioned away from the wall. It's so easy to go into full relax mode, thanks to a smart switch on the side panel which also comes with a USB port.
