

Patto is a sofa endowed with countless style features, comfort and versatility. It all begins with the sober and relaxed look that is clearly visible in the softly linear armrests, the open base and the refinement of the black metal feet. It also offers a great innovation: an end section with a storage compartment. Dual power mechanism features two different switches which activate the headrest and footrest separately. This enables you to adjust it until you find the position that suits you best.
