The project
inspiration

Venezia

The gondola, symbol and icon of Venezia, has inspired the elegant and slender lines of the namesake sofa - which takes up the unmistakable asymmetrical shape of the boat, while the armrest evokes its characteristic S-shaped iron bow, representing the curves of the Canal Grande. The gondola is also the most comfortable way to move around this city. A comfort typical of a Natuzzi sofa, thanks to the large and deep seats - one of which is extra-large in size - and the open base which facilitates cleaning.

Embrace a new philosophy of Comfort.
Feelwell combines physical relaxation
and mental balance, offering a tailor-made
wellness experience.

Design by Natuzzi Design Center

Moodboard warm neutral & earth tone

The Natuzzi Style Center carefully selects materials and coverings, putting them in dialogue with each other. In this case, the Le Mans leather in the Snow color was paired with the Remo fabric in the Sand color. The combination of these coverings together with the wood, will give rise to the moodboard that will create the final total look of the project. Each model in the collection is presented with multiple moodboards to adapt to homes all over the world.

The Natuzzi Style Center carefully selects materials and coverings, putting them in dialogue with each other. In this case, the Arizona leather in the Mastic color was paired with the Jupiter fabric in the Apulian Stone Beige color. The combination of these coverings together with the wood and ceramic, will give rise to the moodboard that will create the final total look of the project.
