

designed by
Claudio Bellini

briq

Available in four different sizes with leather or fabric coverings, Briq is designed to meet any space requirements. It scores high on versatility and functionality, as evidenced by the storage unit with two opening positions so you can easily access all parts of the bed.

features

by Claudio Bellini

Available in different sizes to meet all space requirements. Also equipped with bedspring. Its pared-back aesthetic is a perfect counterpoint to the sumptuously padded and generous headboard. Slats in solid beechwood - a hardwearing and extremely outperforming type of wood. Frame in epoxy-powder-coated steel which is hugely resistant to chemical impact. Withstands corrosion, knocks and bumps.

The two-opening positions mean that the bed is easily accessible from all sides. The first 45° position allows you to gain access to the storage unit while the second position is horizontal and lifts the base about 70 cm from the ground, enabling you to make the bed up easily.

Coverings

Covering available in fabric or leather. The headboard is covered at the back as well so that this piece can take centrestage in a setting.

Here are some suggested arrangements.

Claudio Bellini lives and works in Milan, the city of design. His creative streak was evident from early childhood, thanks to the work of his father, Mario Bellini a esteemed figure in the Italian design scenario and a great source of inspiration for him. The Claudio Bellini Design studio was founded in 1996 and, since the outset, its activities focused on research, new technologies, and creative processes.
