# Harmony project

## Natuzzi Italia

The Harmony Project aims to offer a unified working method that ensures chromatic and stylistic harmony, preserving the brand's DNA.

This tool is intended to be more than just a product offering, aiming to harmonize an entire interior design project.

# Ema

The Ema bed from Natuzzi Italia, designed by Patrick Norguet, combines a linear design with aesthetic details that emphasize relaxation. It features a padded headboard embellished with stitching, available in leather or fabric, and is upholstered on all sides, making it perfect for any room layout.

## Design by Patrick Norguet

Born in Tours, Patrick Norguet built himself his own world beyond the less-traveled path of design. For Patrick Norguet, design is first and foremost about happy encounters. He owes his first success to Italy and Giulio Cappellini who, in 1999, spotted his Rainbow Chair which is now part of MoMA's collections. He opened his studio in Paris in 2000 and, since then, he has been designing for major producers and famous brands. Today, Patrick Norguet is an essential figure on the international design.

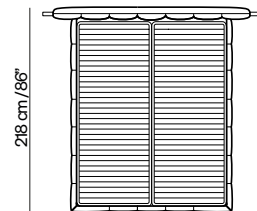

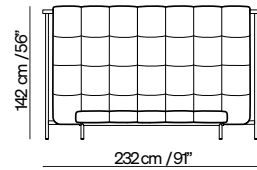

# Choose your Ema

## Moodboard warm neutral 1

To bring harmony to the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, the Piazzadispanna Fabric in Rosy Sand has been paired with Le Mans Leather in Beige. The harmonization of these coverings with woods and marbles will give rise to the moodboard that will define the final total look of the project. Each collection model is presented with multiple moodboards to suit all market geographies.
