This tool is intended to be more than just a product offering, aiming to harmonize an entire interior design project.

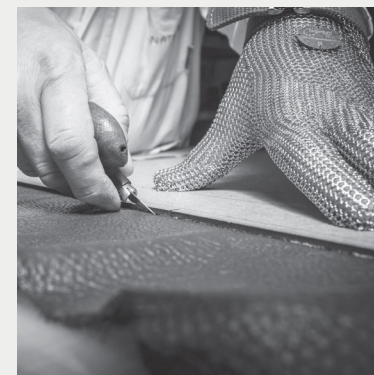

# Flow

Since its name, the Flow bed evokes a place where body and mind can rest moving without obstacles, in an enveloping and timeless comfort. A boiserie bed with a strong identity. A project featuring our exclusive mechanized electric base and a premium mattress of our brand-new collection.

## Design by Antonella Digirolamo

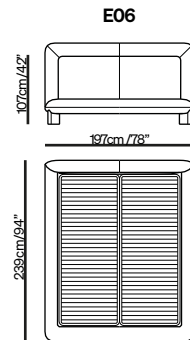

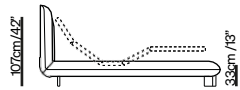

After her studies at the Italian Academy of Fine Arts and with decades of experience at the Natuzzi Design Center, Antonia Digirolamo expresses her creativity through projects that embody comfort and heritage, naturally embracing the Comfortness philosophy, which is rapidly emerging as a distinctive value for all our customers.

## Moodboard green

To ensure harmony in the projects, the Natuzzi Style Center carefully selects materials and coverings, creating a dialogue between them. In this case, Salina leather has been paired with Montemario fabric, along with Piazzadispagna velvet. The harmonization of these coverings with woods and marbles will result in a moodboard that defines the final total look of the project. Each collection model offers multiple moodboards to adapt to various market geographies.

# Moodboard green

Along with the moodboard of coverings and materials, the Natuzzi Style Center harmonizes the bedroom with furniture and accessories to complete the interior design project.
